## **EXAMINER'S AMENDMENT**

## In the claims:

Claim 1:

Replace the status identifier "(original)" with --(amended)--.

## Reason for Allowance

The following is an examiner's statement of reasons for allowance: In view of the amendment filed on 09-17-04, the prior art reference of records (US Pat. 6,373,766) fails to teach or fairly suggest an apparatus for generating a driving voltage for a sense amplifier in a memory device, the apparatus comprising: voltage output means, first and second core voltage step-up means connected between a power supply and a node; wherein the first core voltage step-up means is turned on to elevate the voltage level of the node up to the level of the power supply at a first rate, and wherein, any time after the first core voltage step-up means is initially turned on, the second core voltage step-up means is turned on to elevate the voltage level of the node up to the level of the power supply at a second rate as called for in claim 1. Therefore, claims 1-6 are presently allowed.
